May 11, 1992

Mr. Paul C. Spor
General Manager
North Lily Mining Company
P.O. Box 421
Eureka, Utah 84528

Dear Mr. Spor:

Re: Final Approval of Permit Amendment, Supplemental Mine Waste Dump Development, North Lily Mining Company, Tintic Heap Leach Project, M/023/007, Juab County, Utah

The Division has reviewed your May 1, 1992 response to our April 22, 1992 conditional approval letter. All of our conditions were adequately responded to except one. Under your response to item #2, R647-4-110.5, Revegetation Plan, there was no reference or commitment to provide alfalfa hay mulch at 4000 lbs./acre on 2H:1V or less slopes. We are assuming this was an oversight. The Division hereby grants its final approval of this permit amendment in accordance with the above referenced condition.

North Lily Mining Company may now proceed with the proposed development as described in the approved amendment. If you disagree or object to the mulching condition, as outlined in our April 22, 1992 letter, please advise us accordingly. Thank you for your prompt response and cooperation in completing this permitting action. Please call if we can provide any further information or assistance in this matter.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
